Saturday
8:00 am - 12:00 pm

Closed Sunday

We would like to thank everyone who has participated in the dog and cat of the month. We want to encourage everyone to bring in or e-mail us pictures and short bios on your pets. The cat/dog of the month will be randomly selected every month and all other pets will be kept for six months. If your pet is chosen we will mail you a \$10 gift certificate to use towards your next visit.

Pet of the Month:

Bella Jones
Shelby Jones
Stewie Kachiros
Molly Kosch
Tanner Labazio

Hi, I'm Demon! Unlike my name I'm really a big baby, although I will stand my ground. I'm an eight year old Siberian Husky and I love the snow, but I don't like hot weather. I'm very spoiled and that's the way I like it. Thanks to Dr. Thunell and his staff my teeth have been taken care of and I can eat much better, I even feel better overall!

Product of the Month: iVet Foods and Treats

The 'iVet Healthy Gourmet Canine Formulas' contain only Whole Chicken Meat with no chicken/poultry by-products. Many brands sold in grocery and pet stores contain these by-products which are less digestible sources of protein. Since iVet foods do not contain by-products they offer excellent digestibility and less clean up after your pet. The iVet foods also do NOT contain wheat, soybean meal, other soy ingredients, sugars, or coloring agents that have a reputation for causing food allergies. Instead, the food utilizes whole grains like rice, oatmeal, and barley which are excellent sources of fiber and carbohydrates; whole meat to provide the best source of protein; chicken fat to give the food a taste that dogs love and the essential fatty acids for excellent skin and hair, and Vitamin E as a natural preservative.

We also carry 'iVet Healthy Gourmet Feline Formulas' which also uses only whole chicken meat as the main source of protein to give your cat the best protein along with excellent digestibility. The iVet Feline Diets are low in ash and magnesium (unlike some brands carried by the grocery and pet stores) to promote a healthy urinary tract, bladder, and a balanced urine pH. This helps minimize the chances of your kitty becoming blocked developing a UTI.

The Feline Diets also have the fatty acids to promote healthy skin and shiny coats. This food even contains all natural fibers to help move hair through the cat's digestive system which helps reduce hairballs.

****If your pet is on a prescription diet iVet is NOT an ideal diet for your pet. Your pet will need to stay on the recommended prescription diet.****

If you are interested in trying one of our iVet diets for your pet we have:

- Small Breed Puppy
- Large Breed Puppy
- Canine Adult
- Canine Reduced Fat
- Canine Senior Diet
- Kitten
- Feline Adult
- Feline Reduced Fat
