Meet Rocky and Lola, they are 2 ½ year-old American Bulldog siblings. They are from the same litter, but they have very different personalities. Lola, although 10 pounds less, is the dominate one She will let Rocky know which toys he may play with and when he can have dinner. Strong willed at times but she is a lover and never gets tired of giving kisses and playing fetch. Rocky is laid back and loves attention. He gets very upset and will let you know all about it if you are not paying attention to him. Even though they are 80 and 90 pounds they are not aware of their size. Lola is likely to jump on you when she is excited and Rocky prefers lying in your lap to the floor. They love to go on walks, for car rides, and just lay in the grass on a sunny day. They joined our family from a very young age and have brought us nothing but joy, companionship, and love. We thank the friendly staff of Shelbyville Rd. Vet Hospital for keeping our pets healthy.
